

VIVIENNE DIAMANT

2023 Diamond Rings

Promise To Love Unconditionally

A beautiful love extends beyond a romantic relationship between two individuals. It encompasses a commitment to sharing happiness and overcoming difficulties together for a lifetime.

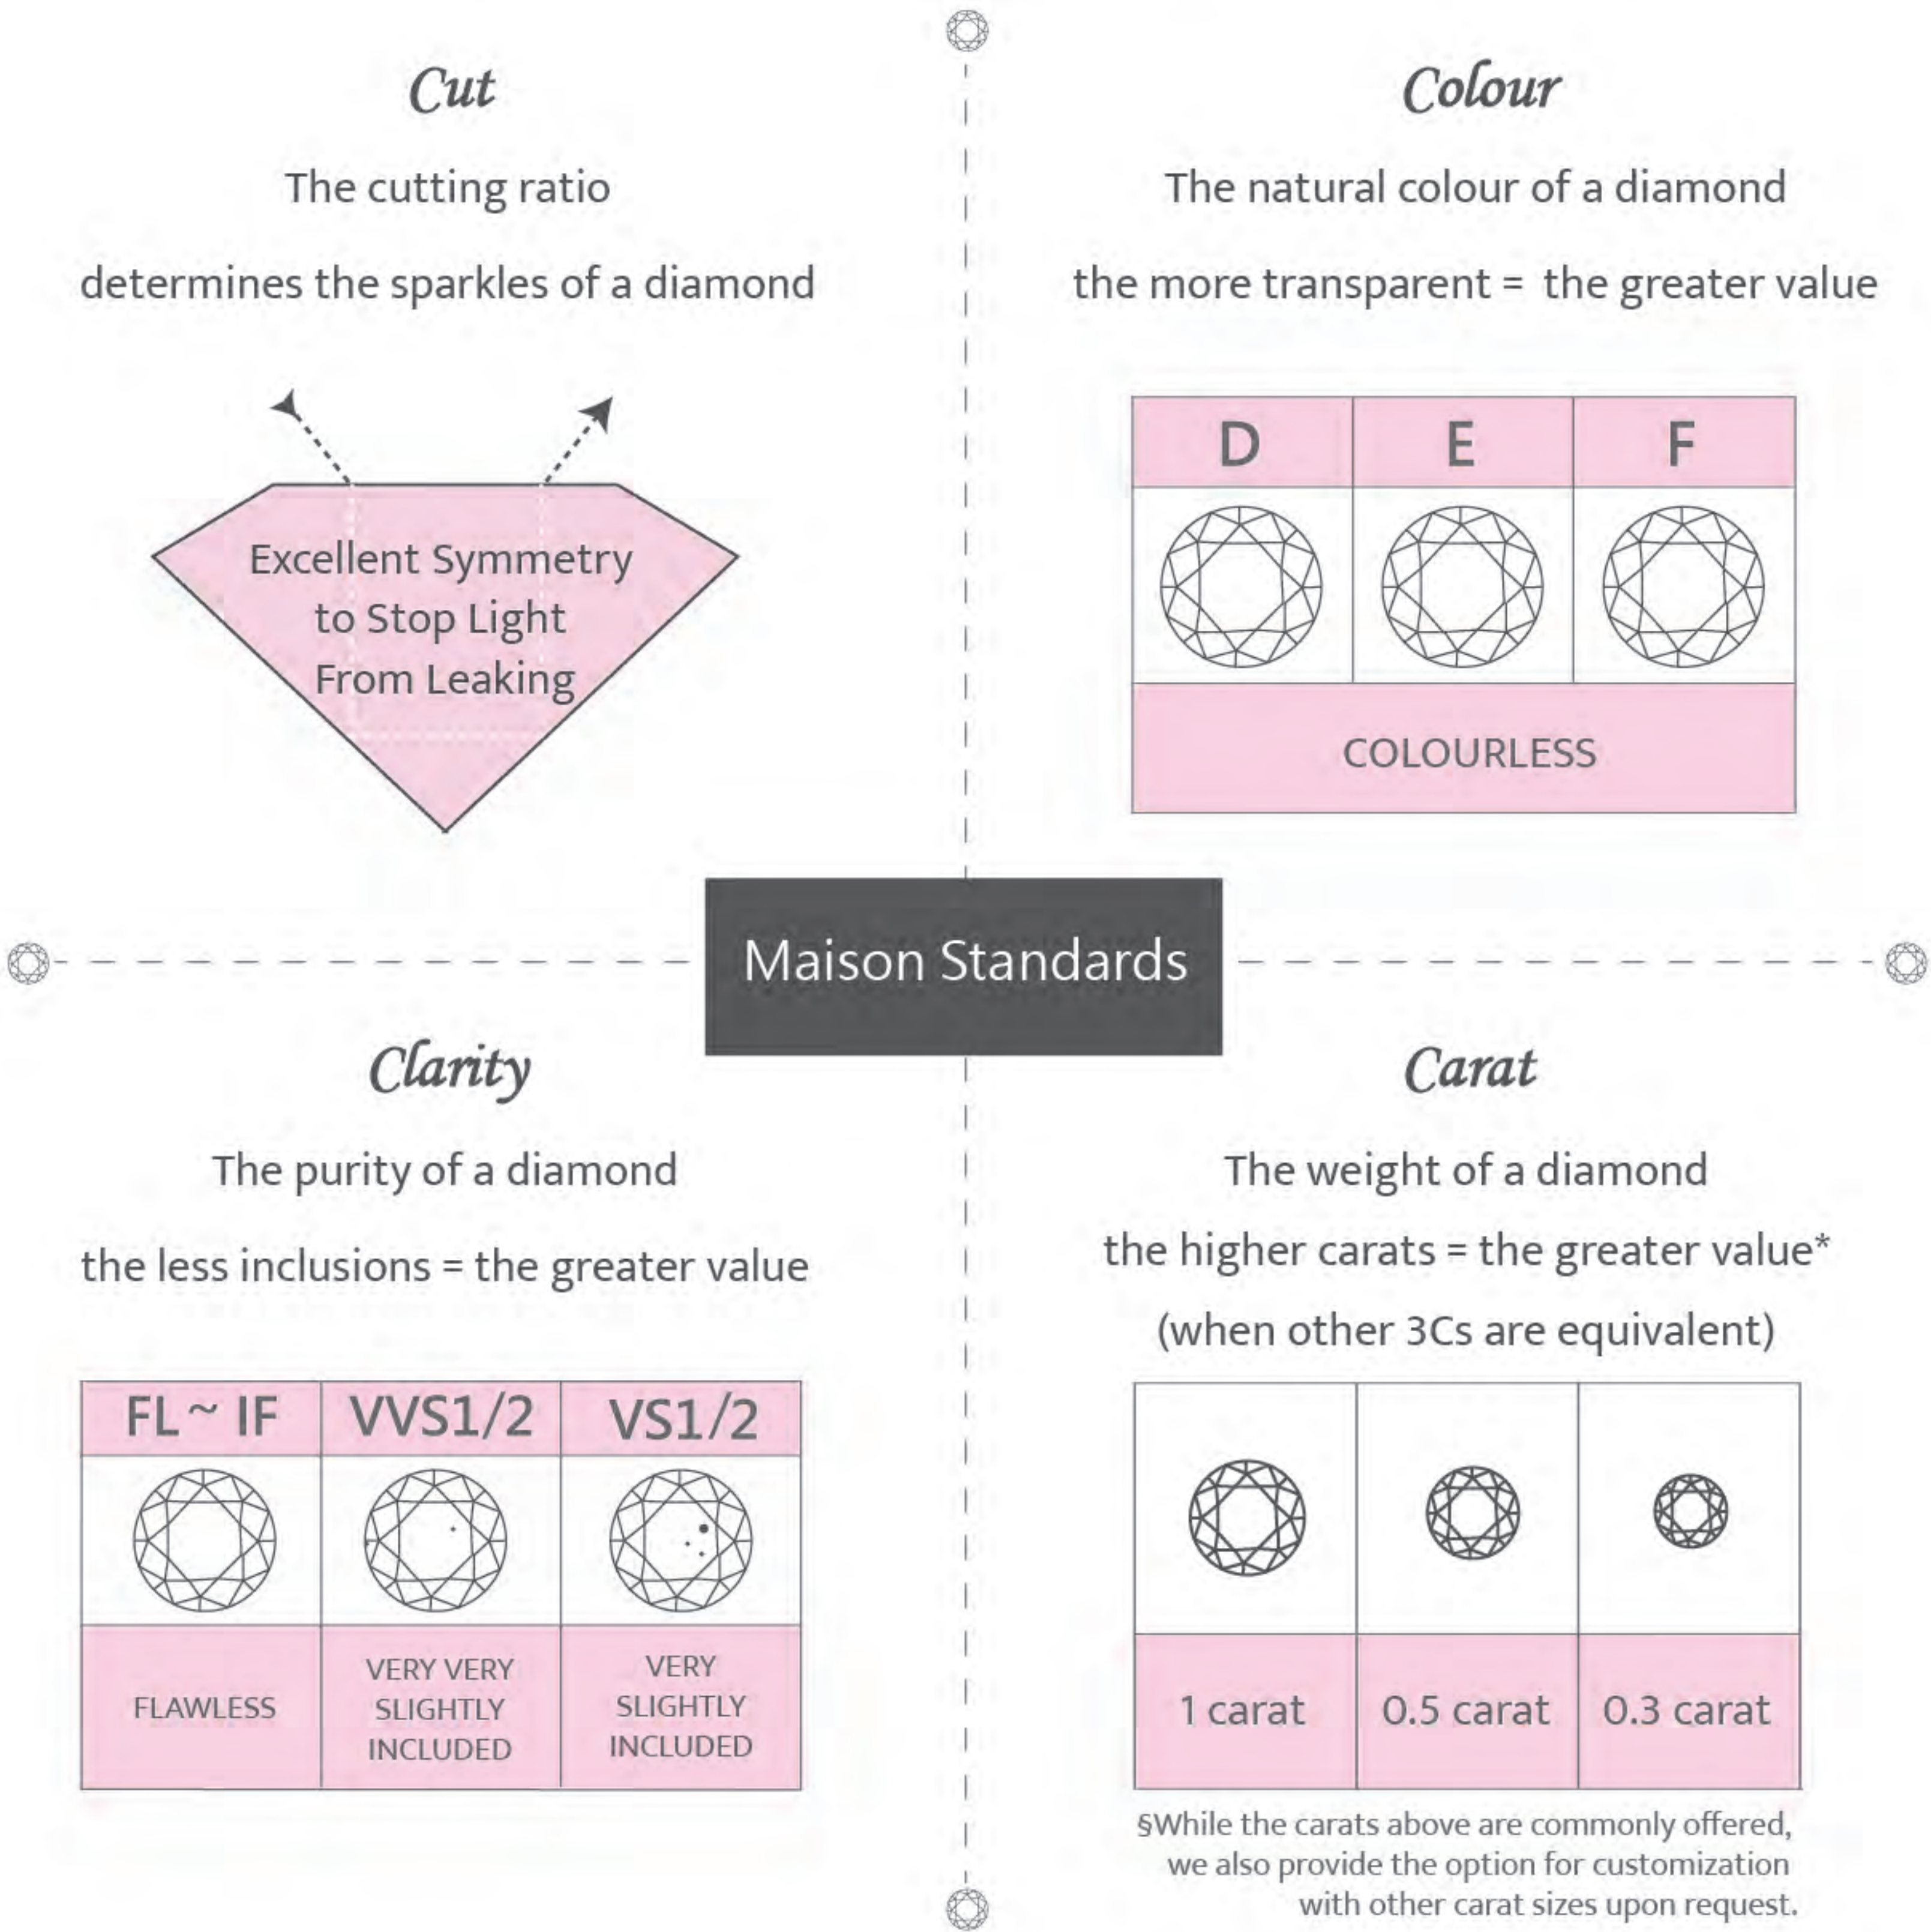

Engagement Ring

An engagement ring serves as a poignant symbol of love.
The diamond adorning it represents
the profound connection between two hearts and
the sacred commitment to cherish each other for eternity.

Diamond Indicators

4Cs, the most common indicator of diamond quality in the world, determine the rarity and value of each diamond. Our diamonds are selected with the following standards. However, customers are welcomed to adjust the standards as they wish.

Make Your Ring Unique

Our engraving service
can help you create a ring unlike any other.

You can personalise your ring
with English alphabets,
special symbols, or numbers.

♥
<< Rings that are engravable >>

By default, all rings will be engraved with Vivienne. D,
unless a personalized engraving service is requested.

Choices of Engraving

Here are four different styles for you to choose from.
Your choice needs to take the ring style into account
and be verified by our Parisian workshop.
Please consult with our jewellery advisors at shop.

1. Engrave with Date:
DD.MM.YY

2. Engrave with 6 English Alphabets:

It is recommended to insert a symbol (i.e. & ♥ ∞ ★ ☆)
between the 3rd and the 4th letters.

3. Engrave with a diamond inside:

You may insert a diamond among your
English alphabets. At most 6 Letters.
While the original design does not include
a diamond inside, you can add a diamond
inside at an additional cost.

4. Engrave on the frame:

This choice is normally limited to
rings for couples and marriage.
The Choice 2 engraving style
applies here. (view example on
the left)
